Information Circular-Proxy Statement for the Annual Meeting to be held on May 25, 2015

PROXIES

Solicitation of Proxies

This information circular-proxy statement is furnished in connection with the solicitation of proxies for use at the annual meeting of the holders of common shares ("**Common Shares**") of DirectCash Payments Inc. ("**DCPayments**" or the "**Corporation**") to be held on May 25, 2015 at 8:00 a.m. (Calgary time) in the Macleod E1 Room at the Telus Convention Centre located at 120 – 9 Avenue SE, Calgary, Alberta T2G 0P3, and at any adjournment thereof. Forms of proxy must be addressed to and reach Valiant Trust Company, Suite 310, 606 – 4th Street S.W., Calgary, Alberta, T2P 1T1 or by fax at (403) 233-2857, not less than 48 hours before the time for holding the meeting or any adjournment thereof. Only shareholders of record at the close of business on April 6, 2015 will be entitled to vote at the meeting, unless that shareholder has transferred any Common Shares subsequent to that date and the transferee shareholder, not later than 10 days before the meeting, establishes ownership of the Common Shares and demands that the transferee's name be included on the list of shareholders.

The instrument appointing a proxy must be in writing and must be executed by you or your attorney authorized in writing or, if you are a corporation, under your corporate seal or by a duly authorized officer or attorney of the corporation.

The persons named in the enclosed form of proxy are officers of the Corporation. **As a shareholder you have the right to appoint a person, who need not be a shareholder, to represent you at the meeting. To exercise this right you should insert the name of the desired representative in the blank space provided on the form of proxy and strike out the other names.**

Advice to Beneficial Holders of Common Shares

The information set forth in this section is of significant importance to you if you do not hold your Common Shares in your own name. Only proxies deposited by shareholders whose names appear on the Corporation's records as the registered holders of Common Shares can be recognized and acted upon at the meeting. If Common Shares are listed in an account statement provided by your broker, then in almost all cases those Common Shares will not be registered in your name on the Corporation's records. Such Common Shares will likely be registered under the name of your broker or an agent of that broker. In Canada, the vast majority of such Common Shares are registered under the name of CDS & Co., the registration name for CDS Clearing and Depository Services Inc., which acts as nominee for many Canadian brokerage firms. Common shares held by your broker or their nominee can only be voted upon your instructions. Without specific instructions, your broker or their nominee is prohibited from voting your Common Shares.

Applicable regulatory policy requires your broker to seek voting instructions from you in advance of the meeting. Every broker has its own mailing procedures and provides its own return instructions, which you should carefully follow in order to ensure that your Common Shares are voted at the meeting. Often, the form of proxy supplied by your broker is identical to the form of proxy provided to registered shareholders. However, its purpose is limited to instructing the registered shareholder how to vote on your behalf. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**"). Broadridge mails a scannable voting instruction form in lieu of the form of proxy. You are asked to complete and return the voting instruction form to them by mail or facsimile. Alternatively, you can call their toll-free telephone number or visit their internet site to vote your Common Shares. They then tabulate the results of all instructions received and provide appropriate instructions respecting the voting of Common Shares to be represented at the meeting. **If you receive a voting instruction form from Broadridge it cannot be used as a proxy to vote**

Common Shares directly at the meeting as the proxy must be returned to Broadridge well in advance of the meeting in order to have the Common Shares voted.

Notice-And-Access

DCPayments has elected to use the "notice-and-access" provisions (the "**Notice-and-Access Provisions**") under National Instrument 54-101 *Communication with Beneficial Owners of Securities of a Reporting Issuer* ("**NI 54-101**") for the meeting in respect of the mailing of our meeting materials, annual financial statements and management's discussion and analysis to the beneficial holders of the Corporation's common shares (i.e., a shareholder who holds their shares in the name of a broker or an agent) but not in respect of mailings to registered holders of our common shares (i.e., a shareholder whose name appears on our records as a holder of common shares). The Notice-and-Access Provisions are a set of rules developed by the Canadian Securities Administrators that reduce the volume of materials that must be physically mailed to shareholders by allowing a reporting issuer to post its meeting materials and information circular and related materials online.

DCPayments has also elected to use procedures known as "stratification" in relation to our use of the Notice-and-Access Provisions. Stratification occurs when a reporting issuer using the Notice-and-Access Provisions provides a paper copy of an information circular and, if applicable, a paper copy of financial statements and related management's discussion and analysis ("**Financial Information**"), to some shareholders together with a notice of a meeting of its shareholders. In relation to the Meeting, registered holders of Common Shares will receive a paper copy of the Notice of Meeting, this information circular-proxy statement and a form of proxy, whereas all beneficial holders of Common Shares will receive a notice containing information prescribed by the Notice-and-Access Provisions and a voting instruction form. DCPayments intends to pay for intermediaries to deliver proxy-related materials to objecting beneficial holders of Common Shares. Furthermore, a paper copy of the Financial Information in respect of DCPayments' most recently completed financial year will be mailed to those registered shareholders and beneficial holders of Common Shares who previously requested to receive such information.

Revocability of Proxy

You may revoke your proxy at any time prior to a vote. If you or the person you give your proxy to attends personally at the meeting you or such person may revoke the proxy and vote in person. In addition to revocation in any other manner permitted by law, a proxy may be revoked by an instrument in writing executed by you or your attorney authorized in writing or, if you are a corporation, under your corporate seal or by a duly authorized officer or attorney of the corporation. To be effective, the instrument in writing must be deposited either at the Corporation's head office at any time up to and including the last business day before the day of the meeting, or any adjournment thereof, at which the proxy is to be used, or with the chairman of the meeting on the day of the meeting, or any adjournment thereof.

Persons Making the Solicitation

This solicitation is made on behalf of the Corporation's management. Pursuant to NI 54-101, arrangements have been made with clearing agencies, brokerage houses and other financial intermediaries to forward proxy-related materials to the beneficial owners of the Common Shares. The Corporation will bear the costs incurred in the preparation and mailing of the form of proxy, notice of annual meeting and this information circular-proxy statement. In addition to mailing forms of proxy, proxies may be solicited by personal interviews, or by other means of communication, by the Corporation's directors, officers and employees who will not be remunerated therefor.

Exercise of Discretion by Proxy

The Common Shares represented by proxy in favour of management nominees will be voted on any poll at the meeting. Where you specify a choice with respect to any matter to be acted upon the Common Shares will be voted on any poll in accordance with the specification so made. If you do not provide instructions, your Common Shares will be voted in favour of the matters to be acted upon as set out herein. The persons appointed under the form of proxy which we have furnished are conferred with discretionary authority with respect to amendments or variations of those matters specified in the form of proxy and notice of annual meeting and with respect to any other matters

which may properly be brought before the meeting or any adjournment thereof. At the time of printing this information circular-proxy statement, we know of no such amendment, variation or other matter.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The Corporation is authorized to issue an unlimited number of Common Shares. As at April 6, 2015, there were 17,589,279 Common Shares issued and outstanding. As a holder of Common Shares you are entitled to one vote for each Common Share you own.

To the knowledge of the Corporation's directors and officers, as at April 6, 2015 no person or company beneficially owned or controlled or directed, directly or indirectly, more than 10% of the Common Shares which may be cast at the meeting other than as set forth below:

<u>Name</u>	<u>Number of Common Shares⁽²⁾</u>	<u>Percentage of Class</u>
Jeffrey J. Smith ⁽¹⁾	2,043,289	11.6%
Cannonball Capital Inc.	1,857,025	10.5%

Note:

- (1) These figures include the actual number of Common Shares held by Mr. Smith as well as Common Shares that Mr. Smith is indirectly entitled to through his holding corporation, Atlantis Financial Corp.
- (2) These figures do not include 538,995 Common Shares that will be issued to a holding corporation of Mr. Smith and an affiliate of Cannonball Capital Inc. upon the closing of the acquisition of DirectCash Bank by DC Payments.

As at April 6, 2015, the Corporation's directors and officers, as a group, beneficially owned or controlled or directed, directly or indirectly, an aggregate of 2,277,688 Common Shares or approximately 12.9% of the issued and outstanding Common Shares.

QUORUM FOR MEETING

A quorum for the meeting is two or more persons either present in person or represented by proxy and representing in the aggregate not less than 5% of the Corporation's outstanding Common Shares. If a quorum is not present at the meeting within one-half hour after the time fixed for the holding of the meeting, the meeting will be adjourned to such day being not less than 21 days later and to such place and time as may be determined by the chairman of the meeting. At such meeting, the shareholders present either personally or by proxy shall form a quorum.

APPROVAL REQUIREMENT

All of the matters to be considered at the meeting are ordinary resolutions requiring approval by more than 50% of the votes cast in respect of the resolution by or on behalf of shareholders present in person or represented by proxy at the meeting.

MATTERS TO BE ACTED UPON AT THE MEETING

Election of Directors

At the meeting, the shareholders will be asked to fix the number of directors of the Corporation to be elected at the meeting at six (6) and to elect six (6) directors.

Management is soliciting proxies, in the accompanying form of proxy, for an ordinary resolution in favour of the election as directors, until the next annual meeting of shareholders of the Corporation, of the six (6) nominees set forth below:

Jeffrey J. Smith
Gary H. Dundas

R. Bradley Hurtubise
 Barry G. Sechos
 Leroy (Lee) E. Thiessen
 Ronald G. Waxman

In the event that a vacancy among such nominees occurs because of death or for any reason prior to the meeting, the proxy shall not be voted with respect to such vacancy.

The form of proxy provided by management of the Corporation accompanying this information circular-proxy statement provides for individual voting on directors rather than slate voting. The voting for or against and approval of one director will be mutually exclusive to the voting for or against and approval of any other director.

It is the intention of the persons named in the enclosed form of proxy, if named as proxy and not expressly directed to the contrary in the form of proxy, to vote those proxies FOR the election of each of the persons specified above.

The Corporation

Cease Trade Orders, Bankruptcies, Penalties or Sanctions

Other than as described below, to DCPayments' knowledge, none of the directors or any of the executive officers of DCPayments was as of the date hereof or has been, within 10 years before the date of this information circular-proxy statement, director, chief executive officer or chief financial officer of any entity (including DCPayments) that:

- (a) was subject to an "order" (i.e. a cease trade order, an order similar to a cease trade order, or an order that denied the relevant entity access to any exemption under securities legislation that was in effect for a period of more than 30 consecutive days) that was issued while the director or executive officer was acting in the capacity as director, chief executive officer or chief financial officer; or
- (b) was subject to an "order" that was issued after the director or executive officer ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer.

Gary H. Dundas, a director of DCPayments, has been a director of Mahalo Energy Ltd. ("Mahalo") from April 21, 2004 to present. On June 22, 2010, the Alberta Securities Commission issued a cease trade order against Mahalo for failure to file annual financial statements for the year ended December 31, 2009 and for failure to file interim unaudited financial statements for the period ended March 31, 2010. The securities commissions or similar regulatory authorities in each of the Provinces of British Columbia, Manitoba, Ontario and Quebec (together with Alberta, the "Commissions") issued similar orders in respect of failure to file financial statements. On November 12, 2010, each of the Commissions issued a full revocation order of the cease trade order and a cease to be reporting issuer order in connection with the conclusion of Mahalo's proceedings under the *Companies Creditors Arrangement Act* (Canada) ("CCAA").

To DCPayments' knowledge, none of the directors or any of the executive officers of DCPayments (i) has been subject to any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority, or (ii) has been subject to any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable investor in making an investment decision.

Corporate or Personal Bankruptcies

Other than as described below, to DCPayments' knowledge, no director or executive officer of DCPayments or a holder of Common Shares holding sufficient securities of DCPayments to effect materially the control of DCPayments, or personal holding company of any such person:

- (a) is, as at the date of this information circular-proxy statement, or has been within the 10 years before the date of this information circular-proxy statement, a director or executive officer of any company (including DCPayments) that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets, state the fact; or
- (b) has, within the 10 years before the date of this information circular-proxy statement, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the director, executive officer or shareholder.

Gary H. Dundas, a director of DCPayments, has been a director of Mahalo from April 21, 2004 to present. On May 22, 2009, Mahalo was granted protection from its creditors under the CCAA pursuant to an initial order granted by the Court of Queen's Bench of Alberta. Mahalo concluded a court approved plan of arrangement to exit CCAA protection on November 12, 2010 that resulted in the cancellation of the existing share capital of Mahalo and the settlement of existing creditor obligations. Mr. Dundas was also a director of Mahalo's wholly owned subsidiary, Mahalo Energy (USA) Inc. ("Mahalo USA"). On May 21, 2009, Mahalo USA filed for and received chapter 11 creditor protection in the United States. On April 20, 2010, the US chapter 11 proceedings concluded with the transfer of Mahalo USA to Mahalo's creditors.

Advisory Vote on Named Executive Officer Compensation

The Board has spent considerable time and effort defining and implementing its executive compensation program and believes that its program achieves the goal of maximizing long-term shareholder value while attracting, retaining and motivating talented executives. The Compensation Committee has structured the Corporation's executive compensation program to achieve the key objectives described in the "*Statement of Executive Compensation – Compensation Discussion and Analysis*" section of this Information Circular-Proxy Statement.

On May 22, 2014, the Board of Directors (the "**Board**") adopted "say on pay", an advisory vote which permits shareholders to vote, on an advisory basis, to register their views on the compensation of the Named Executive Officers (as defined herein) as set out below in this Information Circular-Proxy Statement. A "say on pay" vote on executive compensation will be put to the shareholders every two years.

The results of the “say on pay” vote are not binding on the Board or the Compensation, Nominating and Corporate Governance Committee (the “**Compensation Committee**”), would not overrule any decisions made by the Board or the Compensation Committee, or require the Board or the Compensation Committee to take any action. Although the vote is non-binding, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation policies, procedures and decisions and in determining whether there is a need to increase its engagement with shareholders on executive compensation related matters. In particular, to the extent there is any significant vote against the Named Executive Officers' compensation as disclosed in this Information Circular-Proxy Statement, the Corporation will consider shareholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

The Compensation Committee and the Board believe that the policies and procedures articulated in the "*Statement of Executive Compensation – Compensation Discussion and Analysis*" are effective in achieving the Corporation's goals and that the compensation of the Corporation's Named Executive Officers reported in this information circular-proxy statement has contributed to the Corporation's long-term success.

The Board unanimously recommends that shareholders vote FOR the approach to executive compensation disclosed in this Information Circular-Proxy Statement. Unless otherwise instructed, the persons designated in the form of proxy intend to vote **FOR** the advisory resolution.

Appointment of Auditors

Management is soliciting proxies, in the accompanying form of proxy, in favour of the reappointment of the firm of KPMG LLP, Chartered Accountants, as the Corporation's auditors, to hold office until the next annual meeting of the shareholders and to authorize the directors to fix their remuneration as such. KPMG LLP was first appointed auditors of the Corporation's predecessor, DirectCash Income Fund, on October 18, 2004.

See the heading “*Audit Committee and External Auditor Matters*” in the Corporation’s annual information form for the year ended December 31, 2014, available on SEDAR at www.sedar.com for further details regarding the auditor services provided to DCPayments, the fees paid to the auditors for those services, and for information regarding DCPayments’ Audit Committee.

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Governance

The Board has constituted a Compensation Committee, the responsibilities of which include matters related to compensation. The Compensation Committee is not empowered to make final decisions but only to make recommendations to the Board regarding compensation matters. The compensation package for the Chief Executive Officer is determined by resolution of the Corporation's Board as a whole (with consideration of the recommendations of the Compensation Committee). The compensation packages for the other Named Executive Officers (and other employees) is recommended by the Chief Executive Officer to the Compensation Committee which in turn, is recommended by the Compensation Committee to the Board for approval.

The following table lists the names of all of the members of the Compensation Committee as of April 6, 2015. As the table outlines, each member of the Compensation Committee is "Independent" (as such term is defined in National Instrument 52-110 – Audit Committees) and although Mr. Dundas is the only member of the Compensation Committee who currently sits on another Compensation Committee other than with DCPayments, all members are seasoned business people with experience acting on the boards of various private and public companies and all have the skills and experience necessary to enable them to make decisions regarding the suitability of the Corporation's compensation policies and practices.

Compensation, Nominating and Corporate Governance Committee Member Name	Is the Member "Independent" ⁽¹⁾	Direct Relevant Experience ⁽²⁾
R. Bradley Hurtubise (Chair)	Yes	
Gary H. Dundas	Yes	Chairman of Compensation and Governance Committee of Athabasca Oil & Gas Corp. (a TSX listed oil sands corporation).
Leroy (Lee) E. Thiessen	Yes	
Ronald G. Waxman	Yes	

- (1) The determination of whether a committee member is "independent" has been made by the Board based on all information available to the Board.
- (2) The Corporation has relied on representations from the individual committee members as to the relevant direct experience.

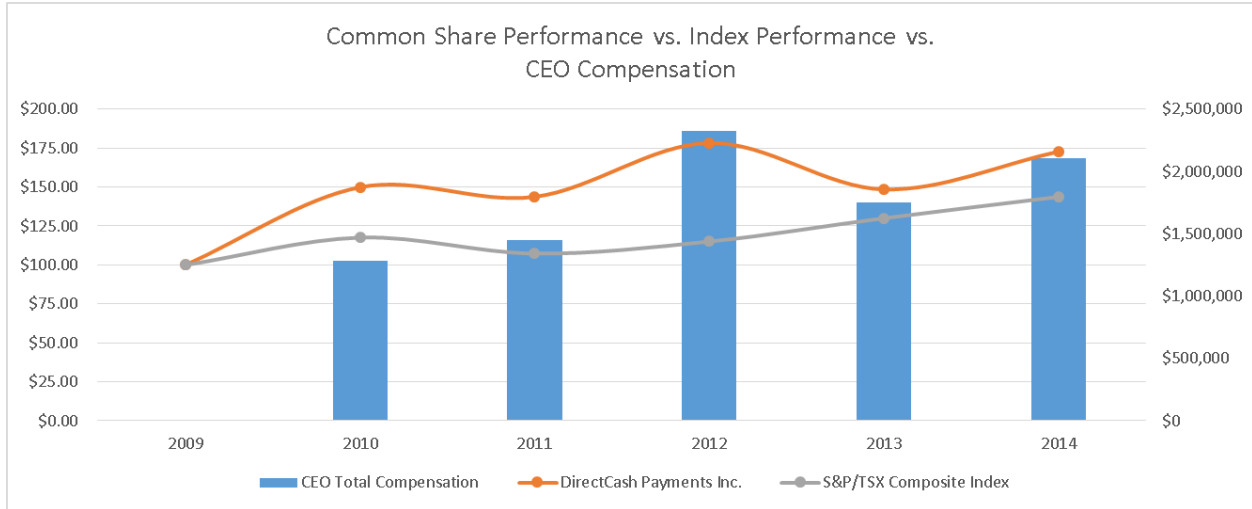

The Compensation Committee focuses on ensuring that human resource strategies support DCPayments' objectives and on measuring Board performance with respect to governance standards. The Compensation Committee is responsible for reviewing compensation levels of senior management, for succession planning for the Chief Executive Officer and for providing advice to the Board concerning the general oversight of compensation and governance matters. The Compensation Committee also assists the Board in identifying individuals qualified to become Board members and recommending director nominees.

External Advice

The Corporation has not retained a compensation consultant or advisor at any time since the beginning of the Corporation's most recently completed financial year to assist the Corporation in determining compensation for any of the Corporation's directors or executive officers.

Performance Graph

The following line graph illustrates that total cumulative return to Common Shareholders of \$100 invested in Common Shares (Participating Trust Units of the Fund prior to January 1, 2011) (assuming the reinvestment of distributions) comparing the total cumulative return of the S&P/TSX Composite Index (total return index value/TRIV) for the period from December 31, 2009 to December 31, 2014.

	December 31, 2009	December 31, 2010	December 31, 2011	December 31, 2012	December 31, 2013	December 31, 2014
DCPayments	\$100.00	\$149.92	\$143.76	\$178.34	\$148.52	\$172.84
S&P/TSX Composite Index (TRIV)	\$100.00	\$117.61	\$107.36	\$115.08	\$130.03	\$143.75
CEO Total Compensation		\$1,283,344	\$1,450,000	\$2,325,000	\$1,751,458	\$2,107,506

Note:

Total return for both DCPayments and the S&P/TSX Composite Index in the graph above assumes that all distributions/dividends paid are reinvested in Common Shares.

As can be seen from the performance chart above, the Common Shares have outperformed against the Index since January 1, 2010. Shareholders that have held Common Shares since that date have realized a total return (including dividends received) of 73% based on the closing price on December 31, 2014 versus a 44% return from the Index (including dividend re-investment).

Although DCPayments does not directly tie its compensation components to the trading price of the Common Shares, the total compensation of Jeffrey J. Smith, our President and Chief Executive Officer, has fluctuated in general alignment with shareholder fortunes, as seen by the CEO Total Compensation overlay in the chart above. Additionally, LTIP awards to Mr. Smith and all NEOs are invested in DCPayments' Common Shares (with the result that the value of historical but unvested LTIP awards go up/down in lockstep with the trading value of the Common Shares).

Compensation Discussion and Analysis

The objective of DCPayments' compensation program and strategy is to attract, retain, and motivate talented executives and to create sustainable shareholder value over the long term. The compensation program is designed to reward increases in share value, sustained cash distributions and growth of DCPayments as a whole. To achieve these objectives, the executive compensation program is designed to conform to the following principles:

- Align with DCPayments' business strategy – link executive compensation with the achievement of specific strategic business objectives and DCPayments' performance as a whole;
- Align to shareholder interests – align the interests of executives with those of shareholders through the use of incentives that reward increases in shareholder value and growth in cash distributions, yet also decline in value when the share price and/or cash distributions fall;
- Pay competitively – set overall target compensation to ensure it remains competitive; and
- A simple, direct program – provide a simple, direct program that is easy to understand and assess.

Compensation Benchmarking

Although there are few directly comparable public companies to DCPayments in North America, the Compensation Committee will, as part of its annual compensation review process, benchmark the compensation levels and practices of companies that can be considered reasonably similar to DCPayments. In selecting a group of companies and/or sectors to benchmark, the Compensation Committee will consider characteristics and variables such as:

- North American-based, publicly-traded organizations operating in the payment processing or financial services sector, with a focus on the maintenance and growth of shareholder dividends;
- Organizations of similar size and complexity from other industries; and
- Organizations from which future executives may reasonably be expected to be recruited from or to which DCPayments could reasonably expect to otherwise be in competition with for senior level talent.

The compensation benchmark information derived from such sources will not necessarily be directly acted upon by the Compensation Committee, but will be one of a number of factors the Compensation Committee will consider from time to time in its review of executive compensation.

In assisting the Compensation Committee with the preliminary thinking surrounding compensation structure and magnitude for DCPayments, the following group of companies was developed.

- Cardtronics Inc.
- Easyhome Ltd.
- Enercare Inc.
- Global Payments Inc.
- Heartland Payment Systems Inc.
- Home Trust Company.
- Yellow Media Ltd.
- Euronet Worldwide, Inc.

Components of Total Compensation

DCPayments' executive compensation program consists primarily of the following elements

Compensation Element	Form	Purpose of Element	Determination
Base Salary	Cash	Forms a baseline level of compensation for role fulfillment commensurate with the experience, skills and market demand for the executive role and/or incumbent.	Salaries are based on the experience in the role, individual performance and level of responsibility. Actual salary levels are set relative to the emphasis on other compensation program elements. The Compensation Committee generally intends to pay salaries below market competitive levels, both to reflect DCPayments' relative size versus the few peer companies that are available for comparison, but also to provide greater emphasis (and therefore greater alignment with shareholders) through share price appreciation and maintenance and growth of cash distributions as provided through the LTIP.
Annual Cash Bonus	Cash	To recognize short-term (typically annual) efforts and milestone achievement that are aligned to the long-term success of the Corporation.	Annual performance incentive payments are determined by the Compensation Committee based upon a discretionary assessment of individual and corporate performance. As the Corporation continues to grow, a more formal target-setting and performance assessment process will likely be implemented.
Employee Profit Share Plan (the "DirectCash EPSP" or "LTIP")	Common shares and cash	Designed to motivate executives to create and grow sustainable shareholder total return over successive three-year performance cycles.	<p>Each year, a variable cash amount is paid from DCPayments to the LTIP trustee (currently Valiant Trust Company, the "Plan Trustee"). Common Shares are purchased in the market by the Plan Trustee and held in trust until such time as ownership vests to each participant. Subject to discretion of the Compensation Committee, ownership vests according to the following schedule: one-third of these Common Shares vest immediately, with the remaining 2/3rds vesting equally over the following two years, on the award date.</p> <p>LTIP participants will be entitled to receive distributions on all Common Shares held for their account prior to the applicable vesting dates. Unvested Common Shares held by the Plan Trustee for an LTIP participant will be forfeited if the participant resigns or is terminated prior to the applicable vesting date.</p> <p>Provided that a participant remains an employee of the Corporation, within 120 days after the end of the fiscal year following the fiscal year that a prior grant related to, the Corporation shall make an additional cash contribution in the form of a tax remittance on behalf of the participant in an amount equal to 33% of the amount of the original grant value. This payment is intended to provide assistance to the participant in paying the taxes that will be payable in respect of the original grant. This amount will not exactly equal the participant's incremental tax burden (which will vary depending on tax rates and the individual circumstances of the beneficiary). The Tax Payment Contribution will itself trigger a taxable benefit the following tax year but no further contributions will be made by DCPayments in the next year in respect of that incremental tax burden.</p>

Additional Elements of Total Compensation

All employees including executives also receive health care insurance benefits (i.e. dental coverage, drug coverage, small life insurance benefits, and disability coverage).

Officers and permanent employees of DCPayments that are located in Canada are eligible to participate in the Group RRSP Plan. The Group RRSP plan is a benefit provided to assist employees in meeting their savings goals and is a typical benefit provided to employees in the markets in which DCPayments operates. Each officer's/employee's participation in the Group RRSP Plan is at the discretion of management of DCPayments. Participants in the Group RRSP Plan may elect to contribute from a minimum of 1% to a maximum of 5% of their base salary each month (depending on their term of service), through payroll deduction. Provided an employee has been employed by DCPayments for one year, at the end of each month, DCPayments will match a participant's contribution.

Equity Incentive Plans

DCPayments does not have a stock option plan or similar program or any other shareholder dilutive plans. Instead, DCPayments uses a long term incentive plan (i.e. plans which provide compensation intended to serve as incentive for performance to occur over a period longer than 1 year) (an "**LTIP**") which purchases shares in the open market. The LTIP is not dilutive to shareholders.

The LTIP was designed to reward employee participants for the overall performance of DCPayments. Each year, the provisions of the LTIP result in a fixed dollar cash LTIP award being paid from DCPayments to the LTIP trustee (currently Valiant Trust Company, the "**Plan Trustee**"). Over the course of a fiscal year and within 120 days after the end of a fiscal year the Corporation can make cash contributions to the Trust which the Corporation designates are to be used by the Plan Trustee to purchase Common Shares ("**Share Purchase Contributions**"). To avoid market disruptions and to facilitate the purchase of the Common Shares DCPayments may determine (in its discretion) when to make these contributions. Once these contributions are made, the Plan Trustee and the Plan Trustee's broker have the discretion to determine the most beneficial method to purchase Common Shares. The Plan Trustee is required to purchase Common Shares in accordance with applicable rules and laws. The rights of those DCPayments directors, officers, and employees who are awarded a share of the LTIP are expressed as a percentage out of 100%. The entitlement of the Chief Executive Officer is set by the Board of DCPayments with the remainder of the LTIP allocations being determined by the Chief Executive Officer in consultation with senior management. The long term aspect of the LTIP plan arises because of the deferred vesting provisions. The Common Shares purchased in the market are held in trust by the Plan Trustee and the Common Shares vest in increments over time. Subject to discretion of the Compensation Committee, one-third of these Common Shares vest upon the award being determined (for example, in April, 2015 in respect of the award related to the year ended December 31, 2014) and 1/3 equally on April 15 in each of the two years following the determination of the awards (for example, April 15, 2016 and April 15, 2017 in respect of the award related to the year ended December 31, 2014). LTIP participants will be entitled to receive distributions on all Common Shares held for their account prior to the applicable vesting dates. Unvested Common Shares held by the trustee for an LTIP participant will be forfeited if the participant resigns or is terminated prior to the applicable vesting date, and those Common Shares will be reallocated to other employees. Thus, the LTIP provides incentives for officers/employees to remain in DCPayments' employment since at any given time they could have unvested LTIP investments from LTIP grants for up to 3 different fiscal periods. The interests of LTIP participants are aligned with Common Shareholders (since the value of their share of the LTIP goes up or down with the Common Share value and holders receive dividends from their grants).

The LTIP is structured as an employee profit sharing plan and is currently governed by a Plan Services Agreement & Trust Indenture between DirectCash Management Inc. ("**DMI**") and the Plan Trustee dated December 30, 2011 (the "**Plan Services Agreement & Trust Indenture**"). The LTIP also includes the following features:

1. Before the end of each fiscal year, DMI can designate which employees, officers & directors will be beneficiaries (the "**Beneficiaries**") and the allocation among the Beneficiaries of the trust funds contributed for that fiscal year. DMI is required to notify the Plan Trustee of the allocations within 120 days following the year end. DMI may adjust the beneficiary allocations (i.e. as previously set prior to year-end) at any time up to the time that DMI notifies the Plan Trustee. From this point forward, the Common Shares purchased by the Plan Trustee shall be internally allocated by the Plan Trustee to individual accounts for

each Beneficiary and the Beneficiaries entitlement shall be as specified in the Plan Services Agreement & Trust Indenture (as summarized below).

2. Provided that a Beneficiary remains an employee of DMI (or one of DMI's affiliates) at the relevant time, within 120 days after the end of the fiscal year following the fiscal year that a prior grant related to, the LTIP contemplates that DMI shall make an additional cash contribution to make a tax remittance on behalf of the Beneficiary ("**Tax Payment Contributions**"). The amount of this additional cash contribution shall be equal to 33% of the amount of the original benefit attributed to the Beneficiary in respect of the prior Share Purchase Contribution. This payment is intended to provide assistance to the Beneficiary in paying the taxes that will be payable by the Beneficiary in respect of the original grant. This amount will not exactly equal the Beneficiary's incremental tax burden (which will vary depending on tax rates and the individual circumstances of the beneficiary). The Tax Payment Contribution will itself trigger a taxable benefit the following tax year but no further contributions will be made by DCPayments in the next year in respect of that incremental tax burden.

Consideration of Risk

Neither the Board nor any committee of the Board specifically considers the implications of the risks associated with the Corporation's compensation policies and practices. The Corporation does not prohibit (i.e. in terms of employment or published policies of the Corporation incorporated by reference in terms of employment) any Named Executive Officer, directors or any officers or employees of the Corporation or the Corporation's subsidiaries from purchasing financial instruments (including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds), that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by directors, officers or employees.

Summary Compensation Table

The following table sets forth, for the years ended December 31, 2012, 2013 and 2014 information concerning the compensation paid to the President and Chief Executive Officer, the Chief Financial Officer, the Global Corporate Counsel, the Managing Director Australasia for DC Payments Pty Ltd. and the Managing Director Europe for InfoCash Holdings Limited (each a "Named Executive Officer" or "NEO" and collectively, the "Named Executive Officers" or "NEOs").

Outstanding Share Based Awards and Option Based Awards

DCPayments does not have any compensation programs that result in option-based awards. However, as discussed above, the cash awards under the Corporation's LTIP are invested in Common Shares which vest to the LTIP recipients over time. The following table (under the "Share Based Awards" columns) discloses the number of Common Shares and their market value as of December 31, 2014 allocated to the Named Executive Officers under the LTIP as of December 31, 2014. These figures only set out unvested Common Shares (i.e. the portion that would be forfeited if the recipient ceased to be employed). Each recipient's number is calculated by cumulating 1/3 of the grant in respect of calendar year 2012 performance (i.e. the award granted in April 2013) and 2/3 of the grant in respect of calendar year 2013 performance (i.e. the award granted in April 2014).

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

The Corporation did not have any equity compensation plans as at December 31, 2014 under which equity securities are authorized for issuance.

Terms and Operation of Incentive Plan Awards

Purpose of the Long Term Incentive Plan

The purpose of the LTIP is to encourage ownership of the Common Shares of DCPayments, enhance the Corporation's ability to attract, retain and motivate key personnel and reward senior management for significant performance.

Eligibility

All employees, officers and directors of DCPayments or one of its affiliated entities, including those who are only employed by non-Canadian affiliates, are eligible for participation in the LTIP. Participation of select individuals is determined on an annual basis. DCPayments' Compensation Committee has the power to, among other things: (i) determine those individuals who are eligible to participate in the LTIP, which shall include, for fiscal 2014, DCPayments' President and Chief Executive Officer, Chief Financial Officer, Global Corporate Counsel, Managing Director Australasia for DC Payments Pty Ltd., Managing Director Europe InfoCash Holdings Limited, each of the other members of the DCPayments' Board and such other key employees as may be put forward by management; and (ii) determine the level of participation of each participant. The total amount payable under the LTIP is determined at the discretion of DCPayments.

Dividends

LTIP participants are entitled to receive dividends on all Common Shares held for their account prior to the applicable vesting dates. Dividends are paid at the same dividend rate that applies to all holders of Common Shares.

Effect of Termination of Employment

Unvested Common Shares held by the trustee for an LTIP participant will be forfeited if the participant resigns or is terminated for cause prior to the applicable vesting date, and those Common Shares will be reallocated to other employees who qualify under the LTIP.

Payment of Income Taxes

Starting for 2011, the LTIP also contemplates that an additional contribution (referred to as the "Tax Payment Contribution") equal to 1/3 of the prior year's "Share Purchase Contribution" shall be made within 120 days after the end of the fiscal year following the fiscal year that a prior grant related to if certain conditions are met. The Tax Payment Contribution is paid directly to Canada Revenue Agency as an installment of income tax for each recipient

(to be applied against the recipient's income tax bill for the year in which the Share Purchase Contribution is taxed to the recipient).

Determination of Awards

Initially, the award of the LTIP to each participant is expressed as a percentage of the total cash available for LTIP payments. The actual total cash contribution for the LTIP is determined after year end in conjunction with preparation of the yearend financial statements. However, DMI may forward cash advances to the Trustee during the year to make purchases of Common Shares (to avoid purchases being forced into too short of a time period in March/April). Once all the Common Shares are purchased, the actual number of shares attributable to each LTIP participant shall be calculated.

DCPayments has funded the LTIP and repurchased Common Shares in the open market of \$1.1 million (43,880 shares granted March, 2014) and \$1.4 million (80,488 shares granted March, 2015).

Pension Plan Benefits

DCPayments has no pension plans for directors, officers or employees.

Deferred Compensation Plans

DCPayments has no deferred compensation plans for directors, officers or employees.

Termination and Change of Control Benefits

DCPayments has not entered into any agreements with Named Executive Officers that contain termination and change of control benefits other than:

- (a) the employment agreement entered into with Jeffrey J. Smith for the period commencing July 1, 2008 and amended November 8, 2010 pursuant to which Jeffrey J. Smith continues to act as President and Chief Executive Officer. The employment agreement has no set termination date but may be terminated by either party on notice to the other, and automatically terminates on death. Mr. Smith may terminate the employment agreement with 60 days written notice. DCPayments may terminate the employment agreement immediately if there is "just cause". DCPayments may also terminate the employment agreement at any time even in the absence of "just cause" subject to payment to Mr. Smith of a termination payment equal to the greater of (i) \$500,000 and (ii) 150% of the current salary plus 150% of the last calendar year's bonuses (if any) (the "**Retiring Allowance Payment**") plus 15% of current salary to compensate for the loss of employee benefits. The Retiring Allowance Payment is also payable if Mr. Smith terminates employment voluntarily within 6 months after a change of control, as defined in the agreement, if: (a) an event occurs that constitutes constructive dismissal, (b) there is a material reduction in benefits or remuneration, (c) DCPayments breaches a material provision of the employment agreement, or (d) there is a material change in the employee's position or duties, responsibilities, title or office. The executive employment agreement for Mr. Smith provides for confidentiality, non-solicitation and non-compete covenants in DCPayments' favour during the term of employment and for 12 months following termination of employment; and
- (b) the Director's Service Agreement entered into with Tim Wilder dated February 15, 2013 pursuant to which Mr. Wilder acts as Managing Director of European operations. The agreement has no set termination date but may be terminated by either party on notice to the other, and automatically terminates on death. Notice periods required by both parties are twelve calendar months or, in the case of the Corporation, payment in lieu thereof. No other amounts are due and payable to Mr. Wilder on termination of employment, and the contract does not include change of control provisions.

- (c) Offer of Employment letters with Ms. Killeen and Mr. Thomas which may be terminated by either party on notices to the other. Notice periods required by the Corporation is six calendar months or payment in lieu thereof. No other amounts are payable to Ms. Killeen or Mr. Thomas on termination of employment, and the contracts does not include change of control provisions.

Executive officers are also entitled to participate in DCPayments' benefit packages and the LTIP.

As of December 31, 2014, there would be no incremental payments to the Named Executive Officers triggered on a change of control.

Director Compensation

Non-executive Directors of DCPayments are paid an annual retainer fee of \$12,500 and \$750 for attendance (either in person or by teleconference) at board meetings. In addition, each director who serves as Lead Director or chairman of the Audit Committee of the Board receives additional compensation of \$2,500 per year. Non-executive Directors receive annual LTIP awards and are also entitled to be reimbursed for all reasonable expenses incurred in order to attend such meetings. In April 2015, the non-executive directors collectively received a total of \$250,057 in 2014 LTIP grants (\$187,543 in Share Purchase Contributions plus \$62,514 in corresponding expected future Tax Payment Contributions). DCPayments does not have any compensation programs that result in Option Based Awards. However, the cash awards under the LTIP are invested in Common Shares which vest in the LTIP recipients over time. The following table (under the "Share Based Awards" section) discloses the number of Common Shares and their market value as of December 31, 2014 allocated to the directors of DCPayments (other than Named Executive Officers whose information is already provided above) as of December 31, 2014. These figures only set out unvested Common Shares (i.e. the portion that would be forfeited if the recipient ceased to be a director of the Corporation). Each recipient's number is calculated by cumulating 1/3 of the grant in respect of calendar year 2012 performance (i.e. the award granted in April 2013) and 2/3 of the grant in respect of calendar year 2013 performance (i.e. the award granted in April, 2014).

CORPORATE GOVERNANCE PRACTICES

National Instrument 58-101 – *Disclosure of Corporate Governance Practices* ("**NI 58-101**") requires that if management of an issuer solicits proxies from its securityholders for the purpose of electing directors that certain prescribed disclosure respecting corporate governance matters be included in its management information circular. The Toronto Stock Exchange also requires listed companies to provide, on an annual basis, the corporate governance disclosure which is prescribed by NI 58-101.

The prescribed corporate governance disclosure for the Corporation is that contained in Form 58-101F1 which is attached to NI 58-101 ("**Form 58-101F1 Disclosure**").

Set out below is a description of the Corporation's current corporate governance practices, relative to the Form 58-101F1 Disclosure. The disclosure included in this Form 58-101F1 Disclosure is as at the date of this information circular-proxy statement.

1. Board of Directors

(a) Disclose the identity of directors who are independent.

The following five directors of the Corporation are independent (for purposes of NI 58-101):

Ronald G. Waxman

(b) Disclose the identity of directors who are not independent, and describe the basis for that determination.

Jeffrey J. Smith is not independent as he occupies the position of President and Chief Executive Officer of the Corporation.

(c) Disclose whether or not a majority of directors are independent. If a majority of directors are not independent, describe what the Board does to facilitate its exercise of independent judgement in carrying out its responsibilities.

A majority of the directors of the Corporation (currently five out of six) are independent.

- (d) **If a director is presently a director of any other issuer that is a reporting issuer (or the equivalent) in a jurisdiction or a foreign jurisdiction, identify both the director and the other issuer.**

At the end of or during each meeting of the Board and the committees, the members of management of the Corporation and the non-independent directors of the Corporation who are present at such meeting leave the meeting in order for the independent directors to meet. In addition, other meetings of the independent directors may be held from time to time if required. The chairman of the Board also communicates informally, from time to time, with the independent members. Fourteen meetings of the independent directors have been held since the beginning of the Corporation's most recently completed financial year.

- (f) **Disclose whether or not the chair of the Board is an independent director. The Lead Director presides at all meetings of the Board and, unless otherwise determined, at all meetings of shareholders and to enforce the rules of order in connection with such meetings. The Lead Director is to provide overall leadership to the Board without limiting the principle of collective responsibility and the ability of the Board to function as a unit. The Lead Director is to endeavour to fulfill his Board' responsibilities in a manner that will ensure that the Board is able to function independently of management and is to consider, and allow for, when appropriate, a meeting of independent directors, so that Board meetings can take place without management being present. The Lead Director is also to endeavour to ensure that reasonable procedures are in place to allow directors to engage outside advisors at the expense of the Corporation in appropriate circumstances.

- (g) **Disclose the attendance record of each director for all Board meetings held since the beginning of the issuer's most recently completed financial year.**

New Board members are provided an information package which includes public disclosure documents of the Corporation for the past 12 months; governance policies and procedures; code of ethics; the Corporation's constating documents; Board and committee meeting minutes and resolutions for the past 12 months; contact information for DCPayments' officers, auditors and legal counsel; reporting and Board meeting calendar and all other relevant policy statements. 6. **Nomination of Directors**

- (a) **Describe the process by which the Board identifies new candidates for Board nomination.**

The Compensation Committee is responsible for recommending suitable candidates as nominees for election or appointment as director, and recommending the criteria governing the overall composition of the Board and governing the desirable characteristics for directors. In making such recommendations, the Compensation Committee is to consider: (i) the competence and skills that the Board of Directors considers to be necessary for the Board, as a whole, to possess; (ii) the competence and skills that the Board considers each existing director to possess; (iii) the competencies and skills that each new nominee will bring to the Board; and (iv) whether or not each new nominee can devote sufficient time and resources to his or her duties as a member of the Board. In between shareholder meetings, the Board may also fill vacancies and add directors (up to 1/3 of the number previously approved by the shareholders) without the need of a shareholder vote.

The Compensation Committee is also to review on a periodic basis the composition of the Board to ensure that an appropriate number of independent directors sit on the Board, and analyze the needs of the Board and recommend nominees who meet such needs.

- (b) **Disclose whether or not the Board has a nominating committee composed entirely of independent directors. If the Board does not have a nominating committee composed entirely of independent directors, describe what steps the Board takes to encourage an objective nomination process.**

The Corporation has established a Compensation Committee, the mandate of which includes responsibility for nomination of Directors. All of the current members of DCPayments' Compensation Committee are independent directors.

- (c) **If the Board has a nominating committee, describe the responsibilities, powers and operation of the nominating committee.**

See item 6(a).

7. **Compensation**

- (a) **Describe the process by which the Board determines the compensation for the issuer's directors and officers.**

The Compensation Committee's mandate includes determining the compensation of directors and officers. In determining the compensation for directors and select officers, the Compensation Committee considers comparative industry data and whether compensation arrangements promote shareholder value.

- (b) Disclose whether or not the Board has a compensation committee composed entirely of independent directors. If the Board does not have a compensation committee composed entirely of independent directors, describe what steps the Board takes to ensure an objective process for determining such compensation.**

The Compensation Committee (Compensation, Nominating and Corporate Governance Committee) is comprised entirely of independent directors.

- (c) If the Board has a compensation committee, describe the responsibilities, powers and operation of the compensation committee.**

The Compensation Committee's responsibility is to formulate and make recommendations to the Board in respect of compensation issues relating to directors and officers of the Corporation. Without limiting the generality of the foregoing, the Compensation Committee has the following duties:

- (i) advise the Board on executive compensation matters, including annual bonuses and LTIP awards;
- (ii) review and recommend a compensation philosophy, guidelines and plans for the Corporation's executives and employees;
- (iii) review and approve corporate goals and objectives relevant to Chief Executive Officer compensation;
- (iv) evaluate the Chief Executive Officer's performance in light of those goals, and make recommendations to the Board with regard to the Chief Executive Officer's compensation based on this evaluation;
- (v) in consultation with the Chief Executive Officer, review and approve non-Chief Executive Officer compensation, incentive-compensation plans, and equity-based plans;
- (vi) review and approve all discretionary compensation granted;
- (vii) review and approve fees to be paid to members of the Board;
- (viii) review executive compensation disclosure before it is publicly disclosed; and
- (ix) be the forum for meetings of all independent directors of the Corporation.

The Compensation Committee is responsible for the periodic review of DCPayments' policies in the areas of management benefits and perquisites. In determining the compensation for select executive and directors, the Compensation Committee considers comparative industry data and whether compensation arrangements promote the creation of shareholder value.

- (d) **If a compensation consultant or advisor has, at any time since the beginning of the issuer's most recently completed financial year, been retained to assist in determining compensation for any of the issuer's directors and officers, disclose the identity of the consultant or advisor and briefly summarize the mandate for which they have been retained. If the consultant or advisor has been retained to perform any other work for the issuer, state that fact and briefly describe the nature of the work.**

A compensation consultant or advisor has not, at any time since the beginning of the Corporation's most recently completed financial year, been retained to assist in determining compensation for any of the Corporation's directors and officers.

8. **Other committees of the Board – If the Board has standing committees other than the audit, compensation and nominating committees, identify the committees and describe their function.**

The Corporation does not have any other committees aside from the Audit Committee and the Compensation, Nominating and Corporate Governance Committee.

9. **Assessments – Disclose whether or not the Board, its committees and individual directors are regularly assessed with respect to their effectiveness and contribution. If assessments are regularly conducted, describe the process used for the assessments. If assessments are not regularly conducted, describe how the Board satisfies itself that the Board, its committees, and its individual directors are performing effectively.**

The Compensation Committee is responsible by its terms of reference to evaluate the effectiveness of the Board, its committees and individual directors. Given the relatively small size of the Board, the assessment process is informal in nature. The Board satisfies itself as to effectiveness through ongoing review through general discussion on at least a quarterly basis of contribution and performance of committees and individual directors.

10. **Director Term Limits and Other Mechanisms of Board Renewal**

The Board does not believe that fixed term limits are in the best interest of the Corporation. Therefore it has not specifically adopted term limits or other mechanisms for board renewal.

However, when considering nominees for the Board, the Compensation Committee reviews the skills and experience of the current directors of the Corporation to assess whether the Board's skills and experience need to be strengthened in any area. In addition to considering the skills and experience of the Board, the Compensation Committee also assesses the knowledge and character of all nominees to the Board and other factors such as independence of the directors to ensure that the Board is operating effectively and independently of management. The Compensation Committee considers both the term of service and age of individual directors, the average term of the Board as a whole and turnover of directors over the prior years when proposing nominees for election of the directors of the Corporation. The Compensation Committee considers the benefits of regular renewal in the context of the needs of the Board at the time and the benefits of the institutional knowledge of the Board members.

11. **Policies Regarding the Representation of Women on the Board**

The Board has not adopted a written policy relating to the identification and nomination of female directors nor does it have targets regarding the number of women on the Board. The Board believes that director nominations should be made on the basis of the skills, knowledge, experience and character of individual candidates and the requirements of the Board at the time. The Corporation is committed to a meritocracy and believes that considering the broadest group of individuals with the skills, knowledge, experience and character required to provide the leadership needed to achieve its business objectives is in the best interests of the Corporation and its stakeholders, without reference to their age, gender, race, ethnicity or religion. While the Board recognizes the benefits of diversity at the Board level and in assessing candidates and selecting nominees for the Board, diversity will also be considered by the Compensation Committee, the Board will not compromise the principles of a meritocracy.

12. Consideration of the Representation of Women in the Director Identification and Selection Process

As a result of the Corporation's commitment to meritocracy, the level of representation of women on the Board is not specifically considered in identifying and nominating candidates for election to the Board. See item 11.

13. Consideration Given to the Representation of Women in Executive Officer Appointments

As a result of the Corporation's commitment to meritocracy, the level of representation of women in executive officer positions is not considered when making executive officer appointments. See item 14.

14. Issuer's Targets Regarding the Representation of Women on the Board and in Executive Officer Positions

The Board does not specifically consider the level of female representation in executive officer positions when making such appointments nor does it have targets in respect of appointing women to these positions. Similar to the Board's approach in considering director nominations, in making appointments to executive officer positions, the Board considers each candidate's experience, knowledge, education, management capabilities and competency, as well as the effect of the appointment on the diversity of the Corporation's executive officers as a whole.

15. Number of Women on the Board and in Executive Officer Positions

There are presently no women serving on the Board. There are presently four (4) women serving in executive officer positions at the Corporation, which represents 40% of the number of executive officer positions at the Corporation.

SCHEDULE "A"

DIRECTCASH PAYMENTS INC.

TO THE PROXY STATEMENT AND INFORMATION CIRCULAR OF DIRECTCASH PAYMENTS INC.

DIRECTCASH GOVERNANCE PRINCIPLES & GUIDELINES

DEFINITIONS

In this governance document the follows terms have the following meanings:

"**DCPayments**" or the "**Corporation**" means DirectCash Payments Inc., and as the context requires includes the entities contained in the definition of DirectCash.

"**DirectCash**" means, collectively, DirectCash Management Inc., DirectCash Limited Partnership (prior to its dissolution on December 30, 2012), DirectCash Canada Limited Partnership (from and after January 1, 2013), the DirectCash ATM Management Partnership, the DirectCash ATM Processing Partnership, DirectCash Acquisition Corp. (prior to its amalgamation into DCPayments on December 30, 2012), and any of their controlled affiliates (i.e. the entities involved in the actual operation of the businesses being carried on).

PREAMBLE

The Board of Directors of DCPayments (the "**Board of Directors**"), is responsible for supervising the management of DCPayments' business. It has the authority and obligation to protect and enhance the assets of DCPayments in the interests of all shareholders. Although Directors may be elected to bring special expertise or a point of view to Board of Directors deliberations, they are not chosen to represent a particular constituency. The best interests of DCPayments and its shareholders must be paramount at all times. In pursuing the best interests of DCPayments, the Board of Directors should consider DCPayments' customers, employees, suppliers and the communities and environment where it does business; recognizing that all are essential to a successful business. The Board of Directors' responsibility to ensure the operation of a successful business is an active, not passive one. The involvement and commitment of individual Directors is evidenced by regular Board of Directors and Committee attendance, preparation, and participation in setting goals and requiring performance in the interests of shareholders.

1. **BOARD INDEPENDENCE AND INTEGRITY**

1.1 **Board to Assess Independence.** Boards of Directors function most effectively when individual Directors are free from conflicts of interest and exercise independent judgment in discharging their responsibilities. DCPayments shall comply with the independence requirements of applicable securities laws and of all stock exchanges on which DCPayments is listed. The number of Directors is proposed to be set at **6**. The Board of Directors will try to maintain a minimum of **3** independent directors on the Board of Directors of DCPayments at all times. The Board of Directors will take into account the independence of each Director nominee in assessing his or her qualifications to serve on the Board of Directors.

For a Director to be considered independent, the Board of Directors must determine that the Director does not have any material relationship with DCPayments (either directly or as a partner, shareholder or officer of an organization that has a relationship with DCPayments). A "material relationship" is a relationship which could, in the view of the Board of Directors, be reasonably expected to interfere with the exercise of a Director's independent judgment. The Board of Directors has established standards to assist it in making determinations of independence, which standards conform to or are more exacting than applicable securities regulations and stock exchange rules. The Board of Directors will make and publicly disclose an independence determination for each Director when the Director is first elected to the Board of Directors and annually

thereafter for all nominees as directors. A Director nominee's failure to meet the standards for independence set forth in these principles or those prescribed by any regulatory, stock exchange listing, or other legal requirements, shall not preclude the Board of Directors from determining that such Director nominee nonetheless has the requisite integrity, experience, skill and expertise to be an effective Director of DCPayments.

1.2 Independence Standards. The independence standards established by the Board of Directors are as follows:

- a) A Director will not be considered to be independent if:
 - i) the Director is or within the preceding 3 years was an employee or executive officer of any entity within DCPayments;
 - ii) an "immediate family member" (i.e. any spouse, parent, child, sibling, mother or father-in-law, son or daughter-in-law, brother or sister-in-law, and anyone (other than an employee of either the Director or the Director's immediate family member) who shares the Director's home) of the Director is or was within the preceding 3 years an employee or executive officer of any entity within DCPayments;
 - iii) the Director is a partner or employee of an internal or external auditor of any entity within DCPayments;
 - iv) the Director was within the preceding 3 years a partner or employee of an internal or external auditor of any entity within DCPayments and personally worked on DCPayments' audit within that time;
 - v) a spouse, or child or stepchild who shares a home with the Director, is a partner of an internal or external auditor of any entity within DCPayments;
 - vi) a spouse, or child or stepchild who shares a home with the Director, is an employee of an internal or external auditor of any entity within DCPayments, and participates in the auditor's audit, assurance or tax compliance (but not tax planning) practice;
 - vii) a spouse, or child or stepchild who shares a home with the Director, was within the preceding 3 years a partner or employee of an internal or external auditor of any entity within DCPayments, and personally worked on DCPayments' audit within that time;
 - viii) the Director or an "immediate family member" of the Director, is or has been within the last 3 years, an executive officer of an entity if any current executive officers of DCPayments serves or served at that same time on the entity's compensation committee;
 - ix) the Director received, or an "immediate family member" of the Director who is employed as an executive officer of any entity within DCPayments, received, more than \$75,000 in direct compensation from DCPayments (including subsidiary and affiliated entities of DCPayments) during any 12 month period within the last 3 years (excluding compensation received for acting as a member of the Board of Directors or any board committee and excluding fixed retirement payments received from prior service and not contingent on continued service);

- b) If a Director has any of the following commercial or charitable relationships, such Director will not be considered to be independent:
 - i) the Director has served as an executive officer or employee of, or any of such Director's "immediate family members" has served as an executive officer of, another entity that makes payments to, or receives payments from, the entities within DCPayments for property or services in an amount that, in any of the three most recent fiscal years, exceeds the greater of (a) \$1,000,000 and (b) 2 percent of the annual consolidated gross revenues of such entity; or
 - ii) the Director has served as an officer, director or trustee of a charitable

organization, and DCPayments' discretionary charitable contributions to that organization exceeds 1.5% of such organization's total annual consolidated gross revenues within any of the three most recent fiscal years (provided that DCPayments' matching of employee charitable contributions will not be included in the amount of DCPayments' contributions for this purpose);

- c) Where a relationship exists as a result of a Director who is a limited partner, a non-managing member or who occupies a similar position in an entity that does business with any entity within DCPayments, or who has a shareholding in such entity which is not significant, and who, in each case, has no active role in sales to, purchases from or in providing services to any entity within DCPayments and derives no direct material benefit from same, such relationship shall be considered not to be material.

1.3 Conflicts of Interest. One of the factors that should be considered in selecting a Director and determining to recommend reappointment of an existing Director is a consideration of the other entities that the Director is a shareholder, director, officer, or employee of or holds some kind or interest in. Annual disclosure of many of these associations is required by applicable securities laws. Consideration should be made of a Director's associations with other entities that are: (a) reporting issuers or listed issuers, (b) competitors or potential competitors of any entity within DCPayments, (c) suppliers or customers of any entity within DCPayments, or (d) involved in businesses that may attract positive or negative public attention. Depending on the nature of the entity, a Director's association may be viewed as having a potentially positive, negative or neutral effect on the Director's qualifications for the Board of Directors. Each proposed Director should report all associations to the Board of Directors (or applicable nominating committee) before accepting a nomination for director. Each existing Director should report any changes in associations to the Board of Directors on a timely basis.

In the case where any entity within DCPayments enters into a business relationship with an entity with which a Director is associated as a director, officer, partner or significant shareholder, the following guidelines will apply:

- a) DCPayments will consider:
 - i) whether the relationship would cause the Director to lose the Director's status as an independent Director;
 - ii) whether the relationship would prevent the Director from serving on any particular Board of Directors Committee;
 - iii) whether the relationship was already in existence prior to the Director joining the Board of Directors; and
 - iv) who initiated the relationship and whether the relationship is beneficial to DCPayments;
- b) any proposed new relationship must be brought to the attention of the Board of Directors Lead Director in advance and, where such relationship is not one covered by the specific "independence" criteria listed above, shall be subject to the determination of the Compensation, Nominating and Corporate Governance Committee as to its materiality and the consequent effect on the independence of the Director;
- c) the relationship should be disclosed in DCPayments' public disclosure documents in accordance with applicable regulations and DCPayments' policy.

- 1.4 **Meetings of the Independent Directors.** The independent directors of DCPayments may hold meetings at which non-independent directors and members of management are not in attendance. These may take the form of: (a) formal meetings of the Board of Directors called in the usual manner where the non-independent directors absent themselves from all or part of the meeting (with the remaining directors have the power to pass resolutions) or (b) informal meetings of some or all of the independent directors at which no legal resolutions can be authorized (i.e. because the meeting is not called in the required manner). The need for meetings of independent directors will depend on the nature of the business to be considered and whether the reasons that a director is not "independent" is in any way relevant to the business to be discussed. In most cases the reason that a Director is not "independent" will not result in a conflict with respect to the business to be discussed by the Board of Directors. A common example of when independent directors may be required to meet without certain non-independent directors present is when the remuneration or other terms of employment of executive officers who are also directors is to be considered by the Board of Directors.

The Board of Directors has adopted a policy of meeting in executive session, with only independent Directors present, at each regularly scheduled meeting of the Board of Directors. The presiding officer at these executive sessions is the Lead Director of the Board of Directors or, in the Lead Director's absence, a Director selected by majority vote of those present. Sessions are of no fixed duration and participating Directors are encouraged to raise and discuss any issues of concern.

- 1.5 **Separation of Lead Director from CEO.** The Board of Directors has determined that DCPayments is best served by dividing the responsibilities of the Lead Director of the Board of Directors and Chief Executive Officer ("CEO"). The Lead Director of the Board of Directors should be "independent" and chosen by the full Board of Directors.
- 1.6 **Director/Officer Loans and Nepotism.** No member of DCPayments should make any personal loans or extensions of credit to Directors or executive officers, except with specific Board of Directors authorization evidenced by a resolution of the Board of Directors. No Director or "immediate family member" of the Director should provide personal services for compensation to any entity within DCPayments, except with specific Board of Directors authorization evidenced by a resolution of the Board of Directors.
- 1.7 **Director Attendance Records.** Individual attendance of Directors (both of independent directors and non-independent directors) at meetings of the Board of Directors and Committees is important to effective operation of the Board of Directors and can be one measure of integrity of Board of Directors processes. Individual attendance records of Directors may be required to be publicly disclosed pursuant to various securities laws.
- 1.8 **Code of Business Conduct.** Each Director must possess and exhibit the highest degree of integrity, professionalism, and values. All Directors and senior officers are bound by DCPayments' Code of Business Conduct & Ethics and no waiver of the application of that Code to Directors or senior officers is permitted. Directors must never be in a conflict of interest with any entity within DCPayments. A Director who has a conflict of interest regarding any particular matter under consideration should advise the Board of Directors, refrain from debate on the matter and abstain from any vote regarding it.

2. BOARD OF DIRECTORS MANDATE

- 2.1 **Accountability.** The Board of Directors is accountable to DCPayments' shareholders for the conduct of the business and affairs of the entities within DCPayments. Directors (and officers) have a statutory obligation imposed on them (the exact wording of which varies from jurisdiction to jurisdiction) to act honestly and in good faith with a view to the best interests of the applicable corporation and to exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances. - e) **Effective Communication with Shareholders.** Establish and monitor policies and procedures that promote effective, timely and accurate communication between DCPayments' shareholders, the public, and other interested parties.
- f) **Code of Business Conduct & Ethics.**
- i) Adopt a written Code of Business Conduct and Ethics (the "**Ethics Code**"). The Ethics Code should be applicable to directors, officers and employees. The Ethics Code should constitute written standards that are reasonably designed to deter wrongdoing and address the following issues: (A) conflicts of interest; (B) protection and proper use of corporate assets and opportunities; (C) confidentiality of corporate information; (D) fair dealing with security holders, customers, suppliers, competitors and employees; (E) compliance with laws, rules and regulations; and (F) reporting of any illegal or unethical behaviour;

 - iv) to the extent feasible, satisfy itself as to the integrity of the CEO and other senior officers and that the CEO and other senior officers create a culture of integrity throughout DCPayments.
- 2.5 **Individual Member Responsibilities.** In order to ensure that the Board of Directors fulfils its role and is in a position to be held to account by DCPayments' shareholders, each member of the Board of Directors will:
- a) **Best Practices:** Strive to perform the Director's duties in keeping with current and emerging corporate governance best practices for directors of publicly traded entities. The Board may from time to time provide Directors with guidance in this regard, including with respect to best practices relating to the performance of Directors' duties, meeting participation, preparation and attendance, director independence; committee work; and familiarity with DCPayments' business and business environment. The Board of Directors, including by Board resolution or

amendments to this or other mandates, may from time to time formalize any such guidance.

- b) **Continuing Education:** Seek to participate in at least one director education program every 24 months to remain current in, or expand upon, areas relevant to the duties of the Director on the Board of Directors. The frequency of director education should be reviewed from time to time to address changing standards in good corporate governance relating to continuing director education.
 - c) **Change of Employment Notification:** Promptly notify the Board of Directors of any change in the Director's employer or employment status to ensure that the impact on the Director, and the Director's ability to fulfil the Director's role, can be evaluated by the Board of Directors.
- 2.6 **Meeting Procedures.** The agenda for each Board of Directors meeting shall be established by the CEO and the Lead Director of the Board of Directors, taking into account suggestions from other members of the Board of Directors. Meeting materials and information shall be distributed in advance of each meeting so as to provide adequate time for review. The Board of Directors has a policy of holding at least one meeting each year at a DCPayments facility. Site visits by the Board of Directors and meetings with senior management of the facility are incorporated into the itinerary.

Directors are expected to attend all meetings of the Board of Directors and the Committees upon which they serve, to come to such meetings fully prepared, and to remain in attendance for the duration of the meeting. Where a Director's absence from a meeting is unavoidable, the Director should, as soon as practicable after the meeting, contact the Lead Director of the Board of Directors, the CEO, or the Corporate Secretary for a briefing on the substantive elements of the meeting.

- 2.7 **Access to Management.** All Directors have unfettered access to management of DCPayments (and subsidiary and affiliated entities of DCPayments). 4. ORIENTATION & CONTINUING EDUCATION

4.1 New Director Orientation. A thorough understanding of DCPayments' industry, business and corporate governance practices is required to enable a Director to make a substantial contribution to the Board of Directors. Accordingly, all new directors shall participate in an orientation program developed by DCPayments after their election or appointment to the Board of Directors which should be conducted within one month of Director's election or appointment. The orientation should be delivered over a period of time to minimize the likelihood of information overload and maximize the lasting educational impact. This orientation will include presentations by senior management to familiarize new directors with DCPayments' industry, business, strategic plans, significant financial, accounting and risk management issues, financial statements, corporate governance practices, compliance programs and DCPayments' other key policies and practices. The orientation should provide each Director with a baseline knowledge about DCPayments which will serve as a basis for informed decision making. The orientation should be tailored for each new Director to take into account the Director's unique mix of skills, experience, education knowledge and needs. The orientation program should be tailored to the needs of each new Director, and may consist of a combination of written materials, one-on-one meetings with senior management, site visits and other briefings and training as appropriate. As part of the orientation new Directors should be provided with (at a minimum) copies of the following materials:

- a) these Governance Principles & Guidelines;
- b) all other Corporate policy statements of potential application to the Board of Directors;
- c) all charter and policy documents for each of the Committees of the Board of Directors;
- d) the constating documents of DCPayments (and each significant subsidiary and affiliated entity of DCPayments);
- e) all directors/committee minutes/resolutions for the 12 month period prior to the Directors election/appointment (as well as copies of any materials distributed to Directors in connection with those meetings);
- f) a publicly filed disclosure documents for the 12 month period prior to the Director's election/appointment;
- g) names and contact information for the officers of DCPayments (and subsidiary and affiliated entities of DCPayments), the external auditors of DCPayments, and legal counsel for DCPayments;
- h) lists of significant dates/deadlines for the next year (i.e. annual and quarterly filing

dates, proposed shareholder meeting dates, proposed regular director meeting dates and Committee meeting dates).

New Directors should also be given access to and encouraged to tour the major office locations and operational locations of DCPayments within a reasonable time after their election/appointment.

4.2 Director Continuing Education. The Board of Directors believes that each Director should participate in continuing education from time to time to enable each Director to better perform the Director's duties and to recognize and deal appropriately with issues that arise. Continuing Education is not the sole responsibility of DCPayments - each Director needs to take personal responsibility for their own continuing education. Continuing education may be required:

- (a) for developments in the business environments in which DCPayments is a competitor;
- (b) for new business opportunities that may be relevant to the current business or capabilities of DCPayments;
- (c) for familiarization with new businesses acquired or established by DCPayments;
- (d) for changes in corporate governance rules or best practices;
- (e) for changes in securities laws, stock exchange rules, corporate laws, accounting rules or other regulatory changes in areas that fall within Board of Directors responsibility.

Management of DCPayments should provide information to the Directors on these issues in management's reports to the Board of Directors. To facilitate ongoing education DCPayments will:

- (a) each year encourage the attendance of each Director at one seminar or conference of interest and relevance (and the attendance of each Committee Chairman at one additional seminar or conference). In all cases, approval for attendance shall be obtained, in advance, from the Lead Director of the Board of Directors;
- (b) at least annually, schedule a site visit in conjunction with a Board of Directors meeting.

In addition, Directors are encouraged to attend educational presentations as may be offered by DCPayments from time to time with regard to corporate governance of public issuers. Any existing Director may also participate in orientation sessions for new Directors. Finally, the Board of Directors will consider ad hoc requests of individual Directors for DCPayments for:

- (a) purchase of books and other written materials potentially useful to Directors as resource materials,
- (b) presentations to the Board of Directors or Board Committees by outside experts on matters of particular import or emerging significance,
- (c) preparation of specialized reports to be prepared by outside consultants, and
- (d) sending of Directors to professional development seminars.

5. ETHICAL BUSINESS CONDUCT

5.1 **Ethics Code of Conduct.** DCPayments reputation and credibility is based upon DCPayments' total commitment to ethical business practices. To safeguard DCPayments' reputation, the Board of Directors, the officers and all of the employees of DCPayments must conduct themselves in accordance with the highest ethical standards and also be perceived to be acting ethically at all times. The Board of Directors has adopted a separate formal Code of Business Conduct & Ethics (the "**Code of Ethics**"), which is available upon written request to the Corporate Secretary.

Several key business principles have been integrated into the Code of Ethics to illustrate DCPayments' expectations for individual director, officer & employee conduct including:

- (a) acting with honesty and integrity and being open in dealings with customers, employees, shareholders, and others with whom any entity within DCPayments does business;
- (b) treating others with fairness, dignity, and respect to create and protect a trusting environment free from harassment and discrimination; and
- (c) striving for excellence and professionalism, taking pride in what each person does individually and as part of a team.

It is the Board of Director's intent that all business be conducted in accordance with the Code of Ethics and that no director, officer or employee will ever be expected to achieve business performance at the expense of violating any aspect of the Code of Ethics. Each director, officer and employee of any entity within DCPayments has the right and the responsibility to report suspected violations of the Code of Ethics. Directors, officers and employees making such reports in good faith will have the full support of the Board of Directors.

5.2 **Director/Officer Interests in Agreements or Transactions.** In the case where any entity within DCPayments enters or proposes to enter into a contract or business relationship with a person with which a Director or officer is associated as a principal, director, officer, partner or significant shareholder, the following guidelines will apply:

- a) DCPayments will consider:
 - i) whether the relationship would cause the Director to lose the Director's status as an "independent" Director;
 - ii) whether the relationship would prevent the Director from serving on any particular Board of Directors Committee;
 - iii) whether the relationship was already in existence prior to the Director joining the Board of Directors; and
 - iv) who initiated the relationship and whether the relationship is beneficial to DCPayments (including subsidiary and affiliated entities of DCPayments) ;
- b) any proposed new relationship must be brought to the attention of the Lead Director of the Board of Directors in advance and, where such relationship is not one covered by a specific criteria of "independence" described above, shall be subject to the determination of the Compensation, Nominating and Corporate Governance Committee as to its materiality and the consequent effect on the independence of the Director;
- c) any requirements of corporate law requiring delivery of a written notice of the conflict to DCPayments should be complied with by the Director or officer;
- d) the relationship will be disclosed in DCPayments' public disclosure documents in accordance with applicable regulations and DCPayments' policy.

**6. SELECTION & NOMINATION OF DIRECTORS
COMPOSITION OF THE BOARD OF DIRECTORS**

- 6.1 **Director Selection & Nomination Process.** All Directors are elected each year by the shareholders of DCPayments. Nomination and election of the members of the Board of Directors is a matter determined by the shareholders of DCPayments at Annual Meetings (subject to limited circumstances where the Board of Directors itself may add a limited number of directors or may fill vacancies between annual shareholder meetings). However, recognizing that the importance of the yearly solicitation of proxies for management's proposed slate of directors (in connection with the mailing of Annual Meeting materials) and that the election of directors is often a fait accompli after mailing of management's solicitation for proxies, the role of management/the Board of Directors in selecting the Board of Directors cannot be ignored. Therefore the Board of Directors has constituted a Compensation, Nominating and Corporate Governance Committee whose responsibilities include recruiting and proposing to the full Board of Directors new nominees for Directors. Nominees for directors are initially considered and recommended by the Compensation, Nominating and Corporate Governance Committee, approved by the entire Board of Directors and then proposed by management to shareholders in the proxy solicitation materials. In between shareholder meetings, the Board of Directors may also fill vacancies and add directors (where permitted by DCPayments' articles) without need of shareholder or shareholder vote.

The following general criteria for individual Directors should be considered by the Compensation, Nominating and Corporate Governance Committee:

- (a) at least $\frac{1}{4}$ of the Board of Directors members must be resident Canadians;
- (b) each member of the Board of Directors should have education or business experience in one or more fields relevant to DCPayments' business;
- (c) no member should be a director, officer or large shareholder of any competitor of any entity within DCPayments;
- (d) whether or not a majority of directors are "independent", an attempt should be made to nominate a number of directors who do not have a relationship with any entity within DCPayments, any significant shareholder of DCPayments, or the officers or promoters of DCPayments. The number of such directors should reflect the investment of the minority shareholders and the needs for independent directors to fill the requirements for Committees.

The Compensation, Nominating and Corporate Governance Committee, in the discharge of the Committee's duties:

- (a) in consultation with the Board of Directors and CEO and, on an ongoing basis, identifies the mix of expertise and qualities required for the Board of Directors;
- (b) assesses the attributes new Directors should have for the appropriate mix to be maintained;
- (c) in consultation with the Board of Directors and CEO and, on an ongoing basis, maintains a database of potential candidates;
- (d) has implemented a procedure to identify, with as much advance notice as practicable, impending Board of Directors vacancies, so as to allow sufficient time for recruitment and for introduction of proposed nominees to the existing Board of Directors;
- (e) develops a "short-list" of candidates and arranges for each candidate to meet with the Compensation, Nominating and Corporate Governance Committee, the Lead Director of the Board of Directors and the CEO;
- (f) recommends to the Board of Directors as a whole proposed nominee(s) and arranges for their introduction to as many Board of Directors members as practicable;
- (g) ensures that prospective candidates are informed of the degree of energy and commitment DCPayments expects of DCPayments' Directors;
- (h) encourages diversity in the composition of the Board of Directors;

In addition to the slate of nominees proposed by the Board of Directors, shareholders may propose individuals to be nominated for election as Directors. The procedure for making such proposals is outlined in the annual proxy circular and in DCPayments' incorporation statute. Shareholders may also at any time suggest nominees for election to the Board of Directors by submitting the names and supporting information regarding such nominees to the Secretary.

7. COMPENSATION

- 7.1 **Shareholdings and Long Term Incentive Plan.** The Board of Directors believes that the economic interests of Directors should be aligned with those of shareholders. To achieve this, all Directors are expected to hold Common Shares and/or Long Term Incentive Plan ("LTIP") entitlements in DCPayments.

8. COMMITTEES

- 8.1 **Committees of the Board.** The Board of Directors has established the following committees:
- (a) Audit Committee
 - (b) Compensation, Nominating and Corporate Governance Committee

Each Committee has a charter (i.e. terms of reference) approved by the Board of Directors that clearly establishes each Committee's purpose, responsibilities, member qualifications, member appointment and removal, structure and operations, manner of reporting to the Board of Directors and authority to engage and compensate any outside advisor deemed necessary by the Committee to carry out the Committee's duties.

Additionally, the Board of Directors as a whole may from time to time establish other temporary or standing committees for the purposes of assisting the Board of Directors to fulfil the Board of Directors' responsibilities.

- 8.2 **Committee Membership Restrictions.** Committee members and Committee Chairs are appointed annually by the Board of Directors. The Audit and Compensation, Nominating and Corporate Governance Committee are required to be comprised entirely of "independent" Directors. Members of the Audit Committee must not and do not directly or indirectly receive any consulting, advisory or other compensatory fee from any entity within DCPayments other than their Director's compensation.

- 8.3 **Committee Meetings.** Each Committee meets regularly throughout the year. It is the general intent of the Board of Directors that all substantial matters not in the ordinary course of business be brought to the full Board of Directors for action. Minutes of all Committee meetings are kept, circulated to all Committee members, and available to any Director. Committee Chairmen report at each Board of Directors meeting on any meetings or activity of the Committee since the most recent meeting of the Board of Directors.

9. PERFORMANCE ASSESSMENT

- 9.1 **Performance Assessment by Committee.** The Compensation, Nominating and Corporate Governance Committee is responsible for assessing at least annually the effectiveness of the Board of Directors as a whole, the committees of the Board of Directors, and the contribution of individual directors.
